

simple_grasping::extract
Shape

```
graph LR; A[simple_grasping::extract Shape] --> B[smacc::run]
```

A diagram showing a call to the function `simple_grasping::extract` with the argument `Shape`. This call is represented in a gray box on the left. A blue arrow points from this box to a white box on the right, which contains the text `smacc::run`. This indicates that the `simple_grasping::extract` function is used to prepare the environment for the `smacc::run` function.

smacc::run
