

testing::internal::
ShuffleRange

```
graph LR; A[testing::internal::ShuffleRange] --> B[testing::internal::Random::Generate];
```

A diagram showing a dependency from the `testing::internal::ShuffleRange` symbol to the `testing::internal::Random::Generate` symbol. The left symbol is in a gray box, and the right symbol is in a white box. A blue arrow points from the left box to the right box.

testing::internal::
Random::Generate
