The diagram consists of two rectangular boxes. The top box is white with a thin grey border and contains the text 'boost::statechart::event< EvWaypoint220< TSource, TOrthogonal > >'. It is divided into three horizontal sections by two thin grey lines. The bottom section is empty. The bottom box is grey with a thick black border and contains the text 'cl\_move\_base\_z::EvWaypoint220< TSource, TOrthogonal >' and '+ waypointIndex'. It is also divided into three horizontal sections by two thin black lines. A blue arrow with a hollow triangular head points from the top of the bottom box to the bottom of the top box, indicating a generalization relationship.
