

```
boost::statechart::  
event< EvWaypoint119  
< TSource, TObjectTag > >
```

The diagram shows a base class box at the top and a derived class box at the bottom. A blue arrow with an open triangular head points from the bottom box to the top box, indicating inheritance. The top box is white with a black border and contains the text 'boost::statechart::event< EvWaypoint119 < TSource, TObjectTag > >'. The bottom box is gray with a black border and contains the text 'cl\_move\_base\_z::EvWaypoint119 < TSource, TObjectTag >' followed by a new line '+ waypointIndex'.

```
cl_move_base_z::EvWaypoint119  
  < TSource, TObjectTag >
```

```
+ waypointIndex
```
