

```
sm_fetch_screw_loop  
_1::cl_move_group_interface  
::CpConstraintVirtualSideWall  
::createVirtualCollisionWalls
```

A diagram consisting of two rectangular boxes connected by a blue arrow pointing from left to right. The left box has a light gray background and contains four lines of text. The right box has a white background and contains four lines of text, where the last line is indented. The text in both boxes is identical except for the final line, which changes from 'createVirtualCollisionWalls' to 'createCollisionBox'.

```
sm_fetch_screw_loop  
_1::cl_move_group_interface  
::CpConstraintVirtualSideWall  
    ::createCollisionBox
```
